Disclaimer

This companion guide for the ANSI ASC X12N 837 Encounters transaction has been created for use in conjunction with the standard Implementation Guide. It should not be considered a replacement for the Implementation Guide, but rather used as an additional source of information. The companion guide contains data clarifications derived from specific business rules that apply exclusively to Medicaid processing for Washington State DSHS. The guide also includes useful information about sending and receiving data to and from the ProviderOne system.

Revision History

Documented revisions are maintained in this document through the use of the Revision History Table shown below. All revisions made to this companion guide after the creation date are noted along with the date, page affected, and reason for the change.

Revision Level	Date	Page	Description	Change Summary
WAMMIS-CG837Enc-00-00-01	06/09/08		Initial Document	
WAMMIS-CG837Enc-00-00-02	06/27/08		Incorporated comments from DSHS review	
WAMMIS-CG-837ENC-01-01	06/28/08		Final Delivery	
WAMMIS-CG-837ENC-01-02	07/16/08		Re-Delivery of the Deliverable based on DSHS non-Acceptance and identification of deficiencies	
WAMMIS-CG-837ENC-01-03	07/25/08		Re-Delivery of the Deliverable based on DSHS non-Acceptance and identification of deficiencies	Use generic language in the Claim Note segment in transaction specification
WAMMIS-CG-837ENC-01-04	08/06/08		Re-Delivery of Deliverable based on Change Request Claims-0427 from DSHS	Update 837 Encounter Data Companion Guide based on Change Request from DSHS to update verbiage on BHT03 segment
WAMMIS-CG-837ENC-01-05	10/01/08		Re-Delivery of the Deliverable based on DSHS suggested changes to Trading Partners Testing Procedures verbiage	
WAMMIS-CG-837ENC-01-06	10/16/08		Re-Delivery of the Deliverable	GS05 segment – updated time value to HHMM format
WAMMIS-CG-837ENC-01-07	4/13/09		Changes to verbiage and rules	
	10/30/09		Update screen shots for submitting claims and retrieving responses	Replaced screen shots and updated verbiage.
	11/03/09		Update chapter 2.3.3 File naming conventions	Updated requirements and verbiage
	11/04/09		Update TCN to 19 digit from 21	Update documentation

1 Introduction

The Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA, Title II) includes requirements that national standards be established for electronic health care transactions, and national identifiers for providers, health plans, and employers. This requires Washington State Department of Social and Health Services (DSHS) to adopt standards to support the electronic exchange of administrative and financial health care transactions between covered entities (health care providers, health plans, and healthcare clearinghouses).

The intent of these standards is to improve the efficiency and effectiveness of the nation's health care system by encouraging widespread use of electronic data interchange standards in health care. The intent of the law is that all electronic transactions for which standards are specified must be conducted according to the standards. These standards were not imposed arbitrarily but were developed by processes that included significant public and private sector input.

Encounters are not HIPAA named transactions and the 837I and 837P Implementation Guides were used as a foundation to construct the standardized DSHS encounter reporting process.

1.1 Document Purpose

Companion Guides are used to clarify the exchange of information on HIPAA transactions between the DSHS ProviderOne system and its trading partners. DSHS defines trading partners as covered entities that either submit or retrieve HIPAA batch transactions to and from ProviderOne.

This Companion Guide provides information related to electronic submission of 837 Encounters Transactions to DSHS by approved trading partners. The two distinct Encounters transaction formats documented are:

- 837 Professional (Encounters)
- 837 Institutional (Encounters)

This Companion Guide is intended for trading partner use in conjunction with the ANSI ASC X12N National Implementation Guides listed below. The ANSI ASC X12N Implementation Guides can be accessed at <http://www.wpc-edi.com>.

The Standard Implementation Guides for Encounters Transactions are:

- 837 Encounters: Professional (004010X098)
- 837 Encounters: Institutional (004010X096)

DSHS has also incorporated all of the approved 837 Addenda listed below.

- ASC X12N 837 Professional (004010X098A1)
- ASC X12N 837 Institutional (004010X096A1)

1.1.1 Intended Users

Companion Guides are intended to be used by members/technical staff of trading partners who are responsible for electronic transaction/file exchanges.

1.1.2 Relationship to HIPAA Implementation Guides

Companion Guides are intended to supplement the HIPAA Implementation Guides for each of the HIPAA transactions. Rules for format, content, and field values can be found in the Implementation Guides. This Companion Guide describes the technical interface environment with DSHS, including connectivity requirements and protocols, and electronic interchange procedures. This guide also provides specific information on data elements and the values required for transactions sent to or received from DSHS.

Companion Guides are intended to supplement rather than replace the standard Implementation Guide for each transaction set. The information in these documents is not intended to:

- Modify the definition, data condition, or use of any data element or segment in the standard Implementation Guides.
- Add any additional data elements or segments to the defined data set.
- Utilize any code or data values that are not valid in the standard Implementation Guides.
- Change the meaning or intent of any implementation specifications in the standard Implementation Guides.

1.2 Transmission Schedule

N/A

2 Technical Infrastructure and Procedures

2.1 Technical Environment

2.1.1 Communication Requirements

This section will describe how trading partners can send 837 Encounters Transactions to DSHS using 2 methods:

- Secure File Transfer Protocol (SFTP)
- ProviderOne Web Portal

2.1.2 Testing Process

Completion of the testing process must occur prior to submitting electronic transactions in production to ProviderOne. Testing is conducted to ensure the following levels of HIPAA compliance:

1. Level 1 – Syntactical integrity: Testing of the EDI file for valid segments, segment order, element attributes, testing for numeric values in numeric data elements, validation of X12 or NCPDP syntax, and compliance with X12 and NCPDP rules.
2. Level 2 – Syntactical requirements: Testing for HIPAA Implementation Guide-specific syntax requirements, such as limits on repeat counts, used and not used qualifiers, codes, elements and segments. It will also include testing for HIPAA required or intra-segment situational data elements, testing for non-medical code sets as laid out in the Implementation Guide, and values and codes noted in the Implementation Guide via an X12 code list or table.
3. Level 7 – DSHS defined custom rules. All transactions will be validated against DSHS defined custom rules as specified in the Transaction Specification section.

Additional testing may be required in the future to verify any changes made to the ProviderOne system. Changes to the ANSI formats may also require additional testing. Assistance is available throughout the testing process.

Trading Partner Testing Procedures

1. ProviderOne companion guides and trading partner enrollment package are available for download via the web at <http://maa.dshs.wa.gov/dshshipaa>
2. The Trading Partner completes the Trading Partner Agreement and submits the signed agreement to DSHS.

Submit to: Provider Enrollment

PO Box 45562

Olympia, WA 98504-5562

****For Questions call 1-800-562-3022 option 2, then option 5****

3. The trading partner is assigned a Submitter ID, Domain, Logon User ID and password.
4. The trading partner submits all HIPAA test files through the ProviderOne web portal or Secure File Transfer Protocol (SFTP).
 - Web Portal URL: <https://www.waproviderone.org/edi>
 - SFTP URL: <sftp://ftp.waproviderone.org/>
5. The trading partner downloads acknowledgements for the test file from the ProviderOne web portal or SFTP.
6. If ProviderOne system generates a positive TA1 and positive 997 acknowledgement, the file is successfully accepted. The trading partner is then approved to send X12N 837 Encounters files in production.
7. If the test file generates a negative TA1 or negative 997 acknowledgment, then the submission is unsuccessful and the file is rejected. The trading partner needs to resolve all the errors that are reported on the negative TA1 or negative 997 and resubmit the file for test. Trading partners will continue to test in the testing environment until they receive a positive TA1 and positive 997.

2.1.3 Who to contact for assistance

- Telephone Number: 1-800-562-3022
 - Select option 2
 - Select option 4
- All calls result in the assignment of a Ticket Number for problem tracking
- Hours: 8:00 AM – 5:00 PM Pacific Standard Time, Monday through Friday
- Information required for initial call:
 - Topic of Call (setup, procedures, etc.)
 - Name of caller
 - Submitter ID Number
 - Organization of caller
 - Telephone number of caller
 - Nature of problem (connection, receipt status, etc.)
- Information required for follow up call(s):

- Assigned Ticket Number

2.2 Upload batches via Web Interface

Once logged into the ProviderOne Portal, the following options will be viewable to the user:

The screenshot displays the ProviderOne Portal interface. At the top, a navigation bar includes a 'My Inbox' link and a 'Welcome' message for 'Chris Nguyen'. Below this, a 'Provider Portal' section lists various services under categories like 'Online Services', 'Client', 'Payments', 'ProviderOne-Generated Invoices', 'Managed Care', 'Prior Authorization', and 'Provider'. A 'Welcome!' message is displayed on the right, followed by a 'My Reminders' section with a table of alerts. The table has columns for 'Alert Type', 'Alert Message', 'Alert Date', 'Due Date', and 'Read'. A red message 'No Records Found!' is displayed below the table.

Alert Type	Alert Message	Alert Date	Due Date	Read
No Records Found!				

Scroll down to the next page of options and click on the HIPAA option to manage the HIPAA transactions.

*Note: Filter by the File Name and then use the wildcard '%' to see received transactions. The data can be sorted by clicking on the up or down arrows.

2.3 Set-up, Directory, and File Naming Convention

2.3.1 SFTP Set-up

Trading partners can contact 1-800-562-3022 for information on establishing connections through the FTP server. Upon completion of set-up, they will receive additional instructions on FTP usage.

2.3.2 SFTP Directory Naming Convention

There would be two categories of folders under Trading Partner's SFPT folders:

1. **TEST – Trading Partners should submit and receive their test files under this root folder**
2. **PROD – Trading Partners should submit and receive their production files under this root folder**

Following folder will be available under TEST/PROD folder within SFTP root of the Trading Partner:

'HIPAA Inbound' - This folder should be used to drop the Inbound files that needs to be submitted to DSHS

'HIPAA Ack' - Trading partner should look for acknowledgements to the files submitted in this folder. TA1, 997 and custom error report will be available for all the files submitted by the Trading Partner

'HIPAA Outbound' – X12 outbound transactions generated by DSHS will be available in this folder

'HIPAA Error' – Any inbound file that is not HIPAA compliant or is not recognized by ProviderOne will be moved to this folder

Folder structure will appear as:

2.3.3 File Naming Convention

The HIPAA Subsystem Package is responsible for assisting ProviderOne activities related to Electronic Transfer and processing of Health Care and Health Encounter Data, with a few exceptions or limitations.

HIPAA files are named:

For Inbound transactions:

<originalfilename>.<dat>

Example of file name: BCH221.dat

- <originalfilename>: is the original file name which is submitted by the trading partner.
- .dat : If the file does not have '.dat' as the extension it will not be processed. '.dat' is the required extension.

2.4 Transaction Standards

2.4.1 General Information

HIPAA standards are specified in the Implementation Guide for each mandated transaction and modified by authorized Addenda. Encounter Transactions utilize both the 837P and 837I Implementation Guides. Currently, the 837P and 837I transactions each have one Addendum. These

Addendum have been adopted as final and are incorporated into DSHS requirements.

An overview of requirements specific to the transaction can be found in the 837P and 837I Implementation Guides. Implementation Guides contain information related to:

- Format and content of interchanges and functional groups
- Format and content of the header, detailer and trailer segments specific to the transaction
- Code sets and values authorized for use in the transaction
- Allowed exceptions to specific transaction requirements

Transmission sizes are limited based on two factors:

- Number of Segments/Records allowed by DSHS
- DSHS file size limitations

HIPAA standards limits the size of the transaction (ST-SE envelope) to a maximum of 5000 CLM segments.

DSHS limits a file size to 50 MB while uploading HIPAA files through the ProviderOne web portal and 100 MB through FTP.

2.4.2 Data Format

Delimiters

The ProviderOne will use the following delimiters on outbound transactions:

- Data element separator - Asterisk (*)
- Sub-element Separator - colon (:)
- Segment Terminator - Tilde (~)

Dates

The following rules apply to any dates in the 837 transaction:

- For the 837 Professional, all dates will be formatted according to Year 2000 compliance, CCYYMMDD, except for the ISA09 element where the date format is YYMMDD.
- For the 837 Institutional all dates will be formatted according to Year 2000 compliance, CCYYMMDD, except for the ISA09 element where the date format is YYMMDD and the Admission Date/Hour where the date format is CCYYMMDDHHMM.
- The only value acceptable for "CC" (century) is 20. The exception to this rule is for any of the Date of Birth values.
- Time is in military time format, 1 to 24 to indicate hours and 00 to 59 to indicate minutes and/or seconds. ISA10 and GS05 elements are formatted HHMM (ie 2115 defines the time of 9:15 p.m). BGN04 element is HHMMSS (ie 211515 defines the time of 9:15:15 p.m.).
- No spaces or character delimiters should be used in presenting dates or times.
- Dates that are logically invalid (e.g. 20071301) are rejected.

Field Length

HIPAA regulations specify field lengths for all of the data elements of the 837 Encounters transaction. For some of these data elements, ProviderOne processes fewer characters than the maximum allowed. The Transaction Specifications in section 3 display the ProviderOne field lengths.

Phone Numbers

Phone numbers are presented as contiguous number strings, without dashes or parenthesis markers. For example, the phone number (800) 555-1212 should be presented as 8005551212. Area codes should always be included.

2.4.3 Data Interchange Conventions

When accepting 837 Encounters transactions from trading partners, DSHS follows standards developed by the Accredited Standards Committee (ASC) of the American National Standards Institute (ANSI). These standards involve Interchange (ISA/IEA) and Functional Group (GS/GE) Segments or "outer envelopes". All 837 Encounters Transactions should follow the HIPAA guideline. Please refer to the 837 Encounters Implementation Guide for ISA/IEA envelop, GS/GE functional group and ST/SE transaction specifications. Specific information on how individual data elements are populated by DSHS on ISA/IEA and GS/GE envelopes are shown in the table beginning later in this section.

The ISA/IEA Interchange Envelope, unlike most ASC X12 data structures has fixed field length. The entire data length of the data element should be considered and padded with spaces if the data element length is less than the field length.

Example of ISA with the entire data length with padded spaces:

```
ISA*00*          *00*          *ZZ*123456789  *ZZ*77045  
*040303*1300*U*00401*000001001*1*T*:~
```

DSHS accepts 837 Encounters transaction files with single ISA/IEA and GS/GE envelopes. 837 Encounters transactions (with their limit of 5,000 CLM segments within an ST/SE envelop), can have multiple ST/SE envelopes within the same GS/GE envelope.

2.4.4 Acknowledgement Procedures

Once the file is submitted by the trading partner and is successfully received by the ProviderOne system, a response in the form of TA1 and 997 acknowledgment transactions will be placed in appropriate folder (on the FTP server) of the trading partner. The ProviderOne system generates positive TA1 and positive 997 acknowledgements, if the submitted X12N 837 Encounter file meets HIPAA standards related to syntax and data integrity. For files, which do not meet the HIPAA standards a negative TA1 and/or negative 997 are generated and sent to the trading partner.

2.4.5 Rejected Transmissions and Transactions

837 Encounters will be rejected if the file does not meet HIPAA standards for syntax, data integrity and structure (Strategic National Implementation Process (SNIP) type 1 and 2). Additionally, the transactions will be validated against DSHS defined custom rules (SNIP type 7) as specified in the Transaction Specification section. Non-compliance of the custom rules will result in rejection of the transaction.

App. B	Envelope	GS	04	Date	Date expressed in CCYYMMDD format.
App. B	Envelope	GS	05	Time	Please populate this field with the creation time expressed in HHMM format
App. B	Envelope	GS	06	Group Control Number	Assigned number originated and maintained by the sender. The data interchange control number GS06 in this header must be identical to the same data element in the associated functional group trailer, GE02
App. B	Envelope	GS	07	Responsible Agency Code	Please use 'X' for ASC X12
App. B	Envelope	GS	08	Version/Release/Industry Identifier Code	Please use '004010X098A1'
Transaction Set Header					
	Header	ST	01	Transaction Set Identifier Code	Please use '837' – Health Care Claim

Page	Loop	Segment	Data Element	Element Name	Comments
	Header	ST	02	Transaction Set Control Number	Identifying control number that must be unique within the transaction set functional group assigned by the originator for a transaction set. The Transaction Set Control Numbers in ST02 and SE02 must be identical.
Beginning Hierarchical Transaction (BHT)					
62	Header	BHT	01	Hierarchical Structure Code	Please use '0019' – Information Source, Subscriber, Dependant
63	Header	BHT	02	Transaction Set Purpose Code	Please use '00' = Original or '18' = Reissue
63	Header	BHT	03	Originator Application Transaction Identifier	Derive Unique transmission ID from originator's system
63	Header	BHT	04	Transaction Set Creation Date	Please use the date the transaction was created in CCYYMMDD format
64	Header	BHT	05	Transaction Set Creation Time	Please use the time the transaction was created in HHMMSSDD format
64	Header	BHT	06	Claim or Encounter Indicator	Please use 'RP' for encounter.
Reference Identification (REF)					

Page	Loop	Segment	Data Element	Element Name	Comments
65	Header	REF	01	Reference Identification Qualifier	Please use '87' for Functional Category
65	Header	REF	02	Transmission Type Code	When sending in test transactions (ISA 15 = T), the value is '004010X098DA1'. When sending in a production transaction, (ISA 15 = P) the value is '004010X098A1'.
Submitter Name (Loop 1000A)					
67	1000A	NM1	01	Entity Identifier Code	Please use '41' for Submitter
67	1000A	NM1	02	Entity Type Qualifier	Please use '2' for Non-Person Entity
67	1000A	NM1	03	Submitter Last or Organization Name	Please Enter Submitter Name Here.
67	1000A	NM1	08	Identification Code Qualifier	Please enter '46' here.
69	1000A	NM1	09	Submitter ID	Please use the nine digit alphanumeric submitter ID assigned during the enrollment process, followed by spaces. e.g. 1234567AA
Submitter EDI Contact Information (1000A)					
70	1000A	PER	01	Contact Function Code	Please use 'IC' here.
70	1000A	PER	02	Submitter Contact Name	Please enter the name of the Person to contact regarding information in this

Page	Loop	Segment	Data Element	Element Name	Comments
					submission.
70	1000A	PER	03	Communication Number Qualifier	Please enter either 'EM' for Email Address Or 'TE' for Telephone Number
70	1000A	PER	04	Communication Number	Please enter the appropriate communication number based upon the qualifier used in segment PER03
Receiver Name (1000B)					
73	1000B	NM1	01	Entity Identifier Code	Please enter '40' here to identify the receiver
73	1000B	NM1	02	Entity Type Qualifier	Please enter '2' here for Non-Person Entity
73	1000B	NM1	03	Receiver Name	Please enter 'WA State DSHS'
73	1000B	NM1	08	Identification Code Qualifier	Please enter '46' for Electronic Transmission Identification Number (ETIN)
73	1000B	NM1	09	Receiver Primary Identifier	Please use '77045' in this field
Hierarchical Level - Billing Provider Hierarchical Level (2000A)					

Page	Loop	Segment	Data Element	Element Name	Comments
75	2000A	HL	01	Hierarchical ID Number	HL01 shall contain a unique alphanumeric number for each occurrence of the HL segment in the transaction set. HL01 must begin with '1' and be incremented by one each time an HL is used in the transaction. Only numeric values are allowed in HL01.
75	2000A	HL	03	Hierarchical ID Number	Please use '20' in this field.
75	2000A	HL	04	Hierarchical Child Code	Please use '1' in this field.
Billing/Pay-To Provider Specialty Information (2000A)					
<p>Note: For both Manage Care and Mental Health Encounters this must always be the Pay-To Provider's specialty information.</p> <p>e.g. Report the Taxonomy for the Provider who billed the MCO or RSN PRV01 – Enter Qualifier 'PT' – Pay-to Provider PRV02 – Enter 'ZZ' to indicate Health care Provider Taxonomy Code PRV03 – Enter the Pay-to Provider's Taxonomy Code</p>					
76	2000A	PRV	01	Provider Code	Please enter 'PT' – Pay-To
77	2000A	PRV	02	Reference Identification Qualifier	Please enter 'ZZ' to indicate "Health Care Provider Taxonomy" code list.
77	2000A	PRV	03	Reference Identification	Please enter the Pay-To Provider Taxonomy Code here.
Billing Provider Name (2010AA)					

Page	Loop	Segment	Data Element	Element Name	Comments
NOTE: For Managed Care Encounters Billing Provider will always be the Managed Care Organization. For Mental Health Encounters Billing Provider will always be the Regional Support Network.					
82	2010AA	NM1	01	Entity Identifier Code	Please enter '85' here to identify the billing provider.
82	2010AA	NM1	02	Entity Type Qualifier	Please enter '2' = Non-Person Entity
82	2010AA	NM1	03	Name Last or Organization Name	For Managed Care Encounters please enter the Managed Care Organization name here. For MH Encounters please enter the 2 character RSN ID here, e.g. GH for Grays Harbor, NS for North Sound, etc...
83	2010AA	NM1	08	Identification Code Qualifier	Please use '24' for the MCO or RSN Employer ID here.
83	2010AA	NM1	09	Identification code	Please enter the appropriate Identification Code based upon the qualifier sent in NM108.
Billing Provider Address (Loop 2010AA)					
84	2010AA	N3	01	Address Information	Please enter the Billing Provider's address line 1 here.
84	2010AA	N3	02	Address Information	Please enter the Billing provider's address line 2 here.

Page	Loop	Segment	Data Element	Element Name	Comments
Billing Provider City/State/ZIP Code (Loop 2010AA)					
85	2010AA	N4	01	City Name	Please enter the Billing Provider's city here.
86	2010AA	N4	02	State or Province Code	Please enter the Billing Provider's State here.
86	2010AA	N4	03	Postal Code	Please enter the Billing Provider's Zip Code here.
Billing Provider Secondary Identification (Loop 2010AA)					
<p>NOTE: Managed Care Organization Encounter - Billing Provider Secondary Identification (Loop 2010AA) will be used to pass the Managed Care Organization or Regional Support Network ProviderOne Provider number using the '1D' qualifier in REF01 and the 9 digit ProviderOne Provider Number in REF02</p> <p>e.g. Loop 2010AA NM108 = 24 or 34, NM109 = Employer ID Number or Social Security number Loop 2010AA REF01 = 1D, REF02 = ProviderOne Provider Number (123456789)</p> <p>Regional Support Network Encounter – Billing Provider Secondary Identification (Loop 2010AA) will be used to pass the Regional Support Network's ProviderOne Provider number using the '1D' qualifier in REF01 and the 9-digit ProviderOne Provider number in REF02. The billing Provider Secondary Identification segments will need to be repeated to pass the RSN's RUID using the '1J' qualifier in REF01 and the RSN's RUID in REF02.</p> <p>e.g. Loop 2010AA NM108 = 24 or 34, NM109 = Employer ID Number or Social Security number Loop 2010AA REF01 = 1D, REF02 = RSN's ProviderOne Provider Number (123456700) Loop 2010AA REF01 = 1J, REF02 = RSN's RUID</p>					
88	2010AA	REF	01	Billing Provider Secondary ID Qualifier	Please use qualifier '1D' here to identify ProviderOne Provider ID
88	2010AA	REF	02	Billing Provider Secondary ID	Please use the nine digit, alphanumeric ProviderOne Provider number here. E.G. 4567890EM

350	2330B	REF	01	Reference Identification Qualifier	Please use 'F8' – Original reference number here
351	2330B	REF	02	Reference Identification	Please enter the Medicare or Other Payer claim number here.
Service Line (Loop 2400)					
381	2400	LX	01	Assigned Number	Line Counter – The service line number is incremented by 1 for each service line.
Professional Service (Loop 2400)					
383	2400	SV1	01-1	Product or Service ID Qualifier	Please use the appropriate qualifier: 'HC' for HCPCS/CPT codes; or 'IV' for Home Infusion EDI codes (HEIC)

Page	Loop	Segment	Data Element	Element Name	Comments
383	2400	SV1	01-2	Product or Service Code	Please enter the Primary Procedure Code here. Must be HCPCS or CPT – Do not use ICD-9-CM Procedure codes here.
383	2400	SV1	01-3	Procedure Modifier	Please enter applicable procedure code modifier here.
384	2400	SV1	01-4	Procedure Modifier	Please enter applicable procedure code modifier here when necessary to clarify services.
384	2400	SV1	01-5	Procedure Modifier	Please enter applicable procedure code modifier here when necessary to clarify services.
384	2400	SV1	01-6	Procedure Modifier	Please enter applicable procedure code modifier here when necessary to clarify services.
384	2400	SV1	02	Line Item Charge Amount	Please submit the line item charge amount in this field. Claims submitted with amounts that are larger than \$9,999,999.99 will be returned to the sender.
385	2400	SV1	03	Unit or Basis for Measurement Code	Please enter the appropriate code.
385	2400	SV1	04	Quantity-Service Unit	Please submit the

Page	Loop	Segment	Data Element	Element Name	Comments
				Count	units of service in this field. If decimal units of service are submitted, the system will round to a whole number. Claims submitted with units greater than 99,999 (i.e. larger than 5 digits) will be Returned to the submitter.
386	2400	SV1	05	Facility Code Value	Please enter the place of service here. Refer to the IG for valid Professional Place of Service Codes.
387	2400	SV1	07-1	Diagnosis Code Pointer	Use this pointer for the first diagnosis code pointer (primary diagnosis for this service line). Use remaining diagnosis code pointers in order of importance to this service line. Acceptable values are: 1-8
388	2400	SV1	11	EPSDT Indicator	Please enter the indicator; 'Y' to identify an EPSDT referral.
Durable Medical Equipment Service (Loop 2400)					
NOTE: Used only for Managed Care Encounters when appropriate. Not used for RSN transmitted Encounters.					

Page	Loop	Segment	Data Element	Element Name	Comments
390	2400	SV5		Durable medical Equipment Service	Required if DME – Follow IG for this segment when reporting DME services.
Home Oxygen Therapy Information (Loop 2400)					
NOTE: Used only for Managed Care Encounters when appropriate. Not used for RSN transmitted Encounters.					
403	2400	CR5		Home Oxygen Therapy Information	Required for Home Oxygen Therapy – See IG for valid values and required segments if used.
Date – Service Date (Loop 2400)					
415	2400	DTP	01	Date Time Qualifier	Please use the qualifier '472' for date of service.
416	2400	DTP	02	Date Time Period Format Qualifier	Please use the qualifier 'D8' for a single date of service; or 'RD8' for a range of from & to dates.
416	2400	DTP	03	Service Date	Please enter the appropriate date of service or range of dates here in CCYYMMDD format.
Line Item Control Number (Loop 2400)					
NOTE: Used only for RSN Encounters when appropriate. Not used for Managed Care transmitted Encounters.					
449	2400	REF	01	Reference Identification Qualifier	Please enter the qualifier '6R' here.

Page	Loop	Segment	Data Element	Element Name	Comments
450	2400	REF	02	Line Item Control Number	Line item control number here. Control number that identifies the specific line item reference ID. This reference number is created within the transmitter's system.
Line Note (Loop 2400)					
465	2400	NTE	01	Note Reference Code	MC – use per IG RSN – 'ADD'
465	2400	NTE	02	Line Note Text	MC – use as needed per the IG RSN – refer to MH data dictionary
Line Pricing/Re-pricing Information (Loop 2400)					
NOTE: Used only for Managed Care Encounters when appropriate. Not used for RSN transmitted Encounters.					
473	2400	HCP	01	Pricing/Re-pricing Methodology	'00' = Denied claim by MCO; '02' = Amount Paid by the MCO; '07' = the amount in HCP02 is based on MCO capitation payment;
473	2400	HCP	02	Monetary Amount – Total Claim Paid Amount	MCOs to report 'Amount Paid' (MCO paid to provider): or \$0.00 if MCO denied claim to Billing/Pay-to Provider.
Rendering Provider Name (Loop 2420A)					
NOTE: Not used for RSN submitted encounters as Professional Encounters will not be reported below the CMHA level

The Billing Provider Secondary Identification Segments will need to be repeated to pass the RSN's RUID using the '1J' qualifier in REF01 and the RSN's RUID in REF02.</p> <p>E.G. Loop 2010AA NM108 = 24, NM109 = Employer ID Number Loop 2010AA REF01 = 1D, REF02 = RSN's ProviderOne Provider Number (123456700) Loop 2010AA REF01 = 1J, REF02 = RSN's RUID.</p>					
83	2010AA	REF	01	Reference Identification Qualifier	Please use qualifier '1D' here to identify ProviderOne Provider ID

Page	Loop	Segment	Data Element	Element Name	Comments
84	2010AA	REF	02	Reference Identification	Please enter 9 digit alphanumeric ProviderOne ID if REF01 = '1D' e.g. 4567890EM e.g. 123456701
Billing Provider Contact Information					
Note: Use per IG – Required if different from Submitter contact information.					
88	2010AA	PER	01	Contact Function Code	Please use 'IC'
88	2010AA	PER	02	Name	Please enter the name of the Person to contact regarding information in this submission.
88	2010AA	PER	03	Communication Number Qualifier	Please enter either 'EM' for Email Address Or 'TE' for Telephone Number
88	2010AA	PER	04	Communication Number	Please enter the appropriate communication number based upon the qualifier used in segment PER03
Loop ID 2010AB - Pay-To Provider Name					
NOTE: Pay-To Provider information identifies the provider who billed the Managed Care Organization or the Regional Support Network.					
92	2010AB	NM1	01	Entity Identifier Code	Please use '87' here for the Pay-to Provider
92	2010AB	NM1	02	Entity Type Qualifier	Please enter '2' for Non-Person
92	2010AB	NM1	03	Last Name or Organization Name	Please enter the last name or Organization name of the Pay-To Provider here
92	2010AB	NM1	04	First Name	Please enter the first

Page	Loop	Segment	Data Element	Element Name	Comments
					name of the Pay-To Provider here
92	2010AB	NM1	05	Middle Name	Please enter the middle name of the Pay-To Provider here.
92	2010AB	NM1	07	Name Suffix	Please enter the suffix of the Pay-To Provider here
92	2010AB	NM1	08	Identification code qualifier	Please use 'XX' for the pay-to providers NPI. If reporting encounters for atypical providers who are not required to have an NPI please use one of the following qualifiers; '24' = Employer ID; or '34' = SSN
93	2010AB	NM1	09	Identification code	Please enter the appropriate Identification Code based upon the qualifier sent in NM108.
Pay-To Provider Address					
NOTE: Pay-To Provider information identifies the provider who billed the Managed Care Organization or the Regional Support Network.					
94	2010AB	N3	01	Address Information	Please enter the Pay-To-Provider's address line 1 here.
94	2010AB	N3	02	Address Information	Please enter the Pay-to-Provider's address line 2 here.
Pay-To Provider City/State/Zip					
NOTE: Pay-To Provider information identifies the provider who billed the Managed Care Organization or the Regional Support Network.					

Page	Loop	Segment	Data Element	Element Name	Comments
95	2010AB	N4	01	City Name	Please enter City Name of Pay-To Provider
95	2010AB	N4	02	State or Province Code	Please enter State of Pay-To Provider
95	2010AB	N4	03	Postal Code	Please enter Zip Code of Pay-To Provider
Pay-To Provider Secondary Information					
<p>NOTE: Managed Care Organization Encounters – Atypical providers who are not required to use an NPI – please enter either your SSN (34) or TIN (24) in NM108 and then the appropriate value in NM109. In REF01 please enter '1D' for Medicaid Provider Number and in REF02 please enter the providers ProviderOne Identification number here.</p> <p>E.G. Loop 2010AB NM108 = 24 or 34, NM109 = Employer ID Number or Social Security Number Loop 2010AB REF01 = 1D, REF02 = ProviderOne Provider Number (123456789)</p> <p>Regional Support Network Encounter – Pay-To Provider Loop 2010AB will be used to pass the NPI, FEIN or SSN and the RUID for the Evaluation & Treatment Center (E&T Center).</p> <p>NPI is returned in Loop 2010AB Pay-To Provider Name in the NM109 segment, as a result you will need to repeat the Pay-To Provider Secondary Identification REF Segments – once for the EIN and once for the E&T Center's RUID</p> <p>E.G. Loop 2010AB NM108 = XX, NM109 = NPI Number (1234567890) Loop 2010AB REF01 = EI or SY, REF02 = Employer ID Number or Social Security Number Loop 2010AB REF01 = 1J, REF02 = E & T Center Provider RUID</p>					
97	2010AB	REF	01	Reference Identification Qualifier	<p>Please use either the Employer ID Number (EIN) or a Social Security Number (SSN) in this field.</p> <p>The Qualifiers are as follows: 'EI' - for EIN 'SY' -</p>

Page	Loop	Segment	Data Element	Element Name	Comments
					for SSN
98	2010AB	REF	02	Reference Identification	Put the EIN or SSN of the Pay-to provider in this field based on the qualifier communicated in REF01 element.
Loop ID 2000B - Subscriber Hierarchical Level					
100	2000B	HL	01	Hierarchical ID Number	Please increment from 1 by 1 for each HL segment in the transaction.
100	2000B	HL	02	Hierarchical Parent ID Number	Please enter the hierarchical ID number of the HL segment to which the current HL segment is subordinate.
100	2000B	HL	03	Hierarchical Level Code	Please enter '22' for subscriber here
100	2000B	HL	04	Hierarchical Child Code	Please enter '0' here for no subordinate HL segments. The patient is always the subscriber.
Subscriber Information					
102	2000B	SBR	01	Payer Responsibility sequence Number	Please enter 'P' here for primary. For encounter data reporting always use 'P'.

Page	Loop	Segment	Data Element	Element Name	Comments
103	2000B	SBR	02	Individual Relationship code	Please use '18' for self here.
103	2000B	SBR	03	Group or Policy number	SBR03 is not used for Managed Care Encounters. For RSN Encounters please enter the RSN Unique Consumer ID.
104	2000B	SBR	09	Claim Filing Indicator Code	Please enter 'MC' here for Medicaid.
Loop ID 2010BA - Subscriber Name					
107	2010BA	NM1	01	Entity Identifier Code	Please enter 'IL' for insured here
